How Are Students Doing On The Path To A Successful Life?

The Groundswell Profiles invite Kentuckians in every community to join in a groundswell of education action.

They rest on two deep convictions:

- Education is part of a path to a larger life for Kentucky's people
- A groundswell of public engagement can build a pathway wide enough for all to flourish.

The best uses of this information will come from generating questions, seeking additional understanding, and helping your community come together around solutions.

If we build a groundswell of public action, we can develop each learner's unique strengths and open a pathway to a larger life for all.

HOW FAR ALONG ARE STUDENTS FROM DIFFERENT BACKGROUNDS?

Creating schools where all students can flourish will be an important part of building success for our communities! These seven indicators show results by student groups, each showing the most recent data released by the Kentucky Department of Education.

If a group has missing points, that means the Department has not released those results, usually as part of policy designed to protect the privacy of individual students.
